ADVISORY No. 131
Series of 2020

Update on the Entry Policy to the Kingdom of Saudi Arabia

The Saudi General Authority of Civil Aviation (GACA) has issued a new traveller's guide which allows, beginning 15 September 2020, international travel of non-Saudis (residents and expatriates) to the Kingdom of Saudi Arabia upon presenting a negative RT PCR test result taken within 48 hours. Travellers arriving from outside the Kingdom must adhere to the preventive health procedures of home quarantine, the period of which will be determined by the Health Ministry.

In addition, arriving passengers are advised to download the "Tetamen" and "Tawakina" application for health and safety purposes. Wearing of face masks and gloves during the disembarkation process and while at the airport is mandatory. Full medical disclosure is required.

For the information and guidance of all concerned.
