ADVISORY NO. 152
Series of 2021

INCLUSION OF THE PHILIPPINES IN THE GREEN LIST COUNTRIES TO TRAVEL TO ABU DHABI

Abu Dhabi has updated the Green List of countries, regions and territories from which individuals can directly enter Abu Dhabi without the need to undergo further quarantine. Philippines has been included in the said List that took effect on 07 November 2021.

Fully vaccinated individuals must still show a negative PCR test result from within 48 hours of departure and must take a PCR test upon arrival in Abu Dhabi and another PCR test on day six (6). Vaccinated status is applicable for citizens, residents and tourists who have received a vaccine approved by the World Health Organization (WHO).

For those unvaccinated, before boarding, all travelers must show a negative PCR test result from within 48 hours of departure. Another PCR test on arrival in Abu Dhabi and additional PCR tests on day six (6) and day nine (9), without the need to quarantine.

To verify and upload an international vaccination certificate in the Alhosn app, the traveler should follow these procedures:

a. Before departure to Abu Dhabi, register with the Federal Authority for Identity and Citizenship (ICA), via its website (ica.gov.ae) or its app, which can be downloaded at the Apple Store or GooglePlay. Complete the register arrivals form, and attach the international vaccination documents. Once approved, the traveler will receive an SMS including a link to download Alhosn app.

b. Upon arrival in Abu Dhabi, the traveler will receive a Unified Identification Number (UID) either at the airport or via the ICA website or app. The traveler needs to download Alhosn app and register using the UID and the same phone number used for ICA registration. Then the traveler will receive a one-time password (OTP) to complete the Alhosn registration process.

On the Alhosn app, the traveler can check his/her status (green, grey or red), vaccination information, test results and travel test requirements, and use the live QR code.

For the information and guidance of all concerned.
