

Cayman's English Language Proficiency Test Requirement

The Department of Immigration (DOI) of Cayman Islands in an official press release informed the public on the options for English language testing requirements. Prospective employees whose first language is not English will continue to have the option of taking the English language proficiency test in their native country or in Cayman Islands.

The DOI introduced the requirement for overseas English Language Testing on 01 July 2014 to make the testing more convenient for potential employees. Two companies will administer throughout the world- the International English Language Test (IELTS) and Test of English for International Communication (TOEIC).
